Fig. 3

FIG. 4 is a schematic diagram of a software product media 400, showing a file list 402 and a media license file 404. The file list 402 is connected to the media 400 by dashed lines, indicating that the file list 402 contains information about the files on the media 400. The media license file 404 is also connected to the media 400 by dashed lines, indicating that the media license file 404 contains information about the media 400.
